FCC staff,

Choctaw is not a party in the Hearing in docket 11-71.
Thus, it should not intercede in the Hearing as it does below.

In addition, this matter is in WT Docket No. 13-85 and is not before the Administrative Law Judge.

For the above reasons, the Choctaw Opposition should be disregarded.

The Chocktaw Opposition is serially misleading as SkyTel will address in Docket 13-85.

The filing under my name, subject of the Choctaw Opposition provided by the below email, that included a motion to extend, was filed in accord with the instructions in the subject public notice, as I cited in the filing. The filing was not by only Warren Havens by various entities.

Contrary to Bob Kirk, it is MCLM that has delayed. It has done nothing but delay compliance with FCC rules and policies from the day it began as described in the HDO 11-64 and other records before the FCC. No one is making MCLM or its self-professed "innocent creditors" seek so-called "Second Thrusday" relief.

I am glad to see that Bob indicates we are on first name basis.

Regards,
Warren
